**Subject:** [External] Docket #2020-229-E

Dear Public Service Commissioners,

Thank you for rejecting the 15 year energy plan submitted by Dominion Energy and encouraging them to focus on renewable energy. I understand they are currently working on a proposal which would negatively affect the fees and rates for solar customers. Please reject any anti-renewable proposal from Dominion Energy. It is encouraged to see the number of solar panels which are being installed across the Carolinas.

Dana Gonzalez
